### **1. Purpose of the statement**

The purpose of the statement is to present to the users of the Website in a transparent manner the measures taken and being taken to meet the accessibility requirements related to its products and services, in particular in the areas of digital services, electronic administration interfaces, and online information accessibility.

### **2. Legal background**

The Company's activities are governed by Act XVII of 2022, which implements European Union Directive 2019/882/EU (the European Accessibility Directive) in Hungary. The purpose of the Act is to ensure that persons with disabilities, older persons and other relevant groups have equal access to digital products and services.

### **3. Degree of compliance**

The Company declares that it has developed and evaluated the electronic information interfaces related to its products and services, including its website, online customer relationship systems, electronic billing and administration functions, in accordance with the general and specific accessibility requirements set out in Annex 1 to the Act.

The compliance test covered the following:

- the machine readability of the website content, its usability with screen reader software,
- scalability of contrast ratios and text sizes,
- full keyboard navigation without the use of a mouse,
- provision of alternative access to visual and auditory information (e.g., image captions, read-aloud options),
- logical structure, navigation consistency, and barrier-free user experience design,
- error handling, accessibility of forms, and barrier-free display of feedback.

The self-assessment and related development measures were carried out in compliance with WCAG 2.1 (Web Content Accessibility Guidelines) Level AA, taking into account the relevant legal and professional requirements. The Company is continuously working to ensure full compliance with all accessibility requirements.

2.1 (Web Content Accessibility Guidelines) Level AA compliance, taking into account the relevant legal and professional requirements. The Company is constantly working to ensure full compliance with all accessibility requirements.

### **4. Comments and feedback**

The Company provides users with the opportunity to report accessibility issues and make comments regarding the accessibility of digital services. Feedback regarding accessibility can be sent to the following address:

Email: [jegbufe@gmail.com](mailto:jegbufe@gmail.com)

Postal address: [1024 Budapest, Fény utca 15.](#)

We will investigate reports within the time limit specified by law and provide information on the measures taken.

## **5. Updates and maintenance**

This statement will be reviewed at least once every 12 months. The Company is committed to ensuring continuous accessibility, therefore it applies accessibility considerations during the design and implementation phases of new developments.

## **6. Validity of the statement**

This statement shall enter into force on June 28, 2025, and shall remain valid until the next review.

This document has been prepared in both Hungarian and English language. In the event of any discrepancy or inconsistency between the Hungarian and English versions, the Hungarian text shall exclusively prevail.
